GON
by Masashi Tanaka
Tales of the world's last living dinosaur! Watch the two-foot-tall Gon making friends and battling any who threaten his new-found companions. Follow his harrowing treks to keep his animal companions alive in wordless stories that are fierce, but always loveable. Gon cavorts with creatures large and small — defending the friendly and furry from the mean and hungry in the *Gon TP*! The *Gon Color Spectacular* is a Prestige Format one-shot that features six stories. In *Gon on Safari*, the world's fiercest — and most loveable — dinosaur is featured in four new tales. *Gon Wild!* features in one volume the two sold-out collections, *Here Today, Gon Tomorrow!* and *Going, Going...Gon*. Then, see our speechless dinosaur journey to the center of the Earth in *Gon Underground* — his first-ever *full-length* adventure! When an earthquake opens the ground beneath Gon and some animal friends, they are launched on a hilarious and harrowing subterranean adventure, encountering creatures both strange and familiar. In *Gon Swimmin'* there are three tales of the two-foot-tall Gon in different parts of the modern world, making friends and battling any who threaten his new-found companions. In "Gon Becomes a Turtle," the diminutive dino slips on an empty turtle shell and joins a horde of hatchlings, while, in "Gon Journeys Into the Desert," Gon must endure a harrowing trek through an arid wasteland, all while trying to keep his animal companions alive. And the final story in this collection, "Gon and His Posse," finds the fierce (but loveable) dinosaur on the savannahs of Africa, where he befriends a group of wild, orphan lions. **NOTE**: Not available outside North America. THE SANDMAN: THE DREAM HUNTERS
by Neil Gaiman; painted art & cover by Yoshitaka Amano
Writer Neil Gaiman returns to the world of the Dreaming with a new story of Morpheus, featuring sumptuous painted art by Yoshitaka Amano (*G-Force* , *Vampire Hunter D* , *Final Fantasy*). Set in ancient Japan, this lyrical, self-contained story follows the ill-fated romance between a humble young monk and a magical, shape-changing she-fox. When the fox stumbles upon a band of demons discussing a plot to steal the monk's life through a dreamtrap, it will take all the fox's craftiness — and the intervention of the King of All Night's Dreaming (Morpheus) — to save him. Combining prose with stunning full-page paintings, *The Dream Hunters* also showcases Amano's art with an eight-page gatefold (featuring nothing but painted art) and a beautiful cover illustration embossed directly onto the book's cover, bringing an utterly new, ethereal beauty to the aloof Lord Morpheus and other classic *Sandman* characters. **Mature Readers**. 7x10, 136pg, FC
